

# ROLLER SHADE Styles

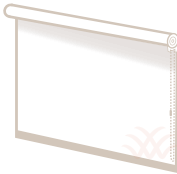

## GLOSSARY

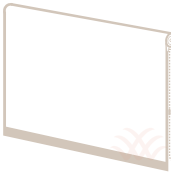

**OUTSIDE MOUNT:** When a roller shade is mounted on the wall or ceiling above the window, extending outside the window opening.

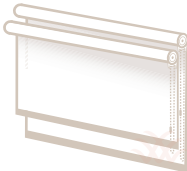

**INSIDE MOUNT:** When a roller shade is mounted inside the window opening.

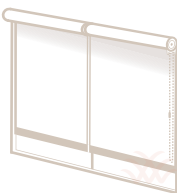

**STANDARD ROLL:** The orientation of the shade fabric to roll off the back of the tube (towards the window).

**REVERSE ROLL:** The orientation of the shade fabric to roll off the front of the tube (towards the room).

**DUAL SHADES:** When two roller shades are mounted via one bracket at a window.

**COUPLED SHADES:** When two roller shades are mounted with an intermediate bracket and single clutch or motor per window.
